I WORKED WITH ALICE ON:

- *Wix Website Design*
- *Brand Identity Design*
- *SEO-Oriented Copywriting*

I had the opportunity to collaborate with Alice to develop a distinctive brand identity that aligned with her vision: bringing love and impactful positive change to her clients.

Using this new identity, I designed and constructed a Wix website that would embody her aesthetic, offer a wealth of information about her services, and encourage prospective clients to book services with her.

I first learned about Human Design in 2017. Intrigued and true to my 'Heretic/Investigator' Profile and heart-defined, four-motor

SUBHEADINGS ... *Cormorant Garamond*

PARAGRAPH Maitree
